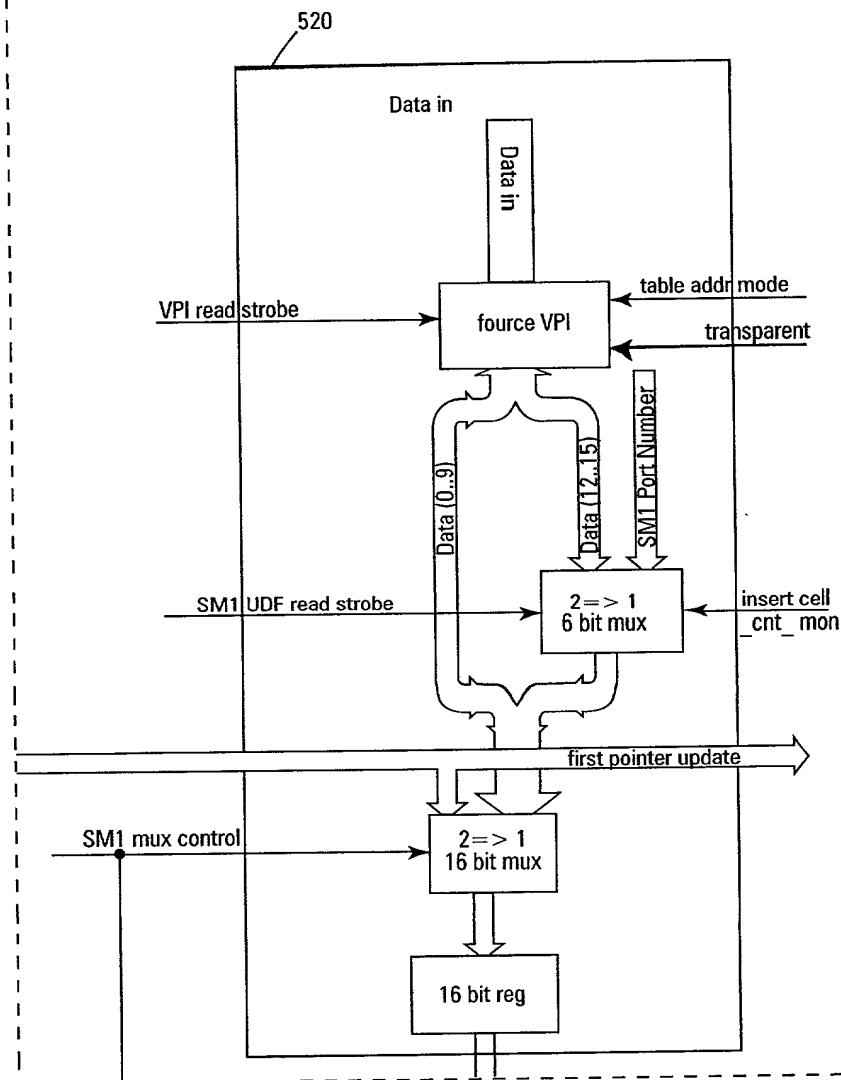

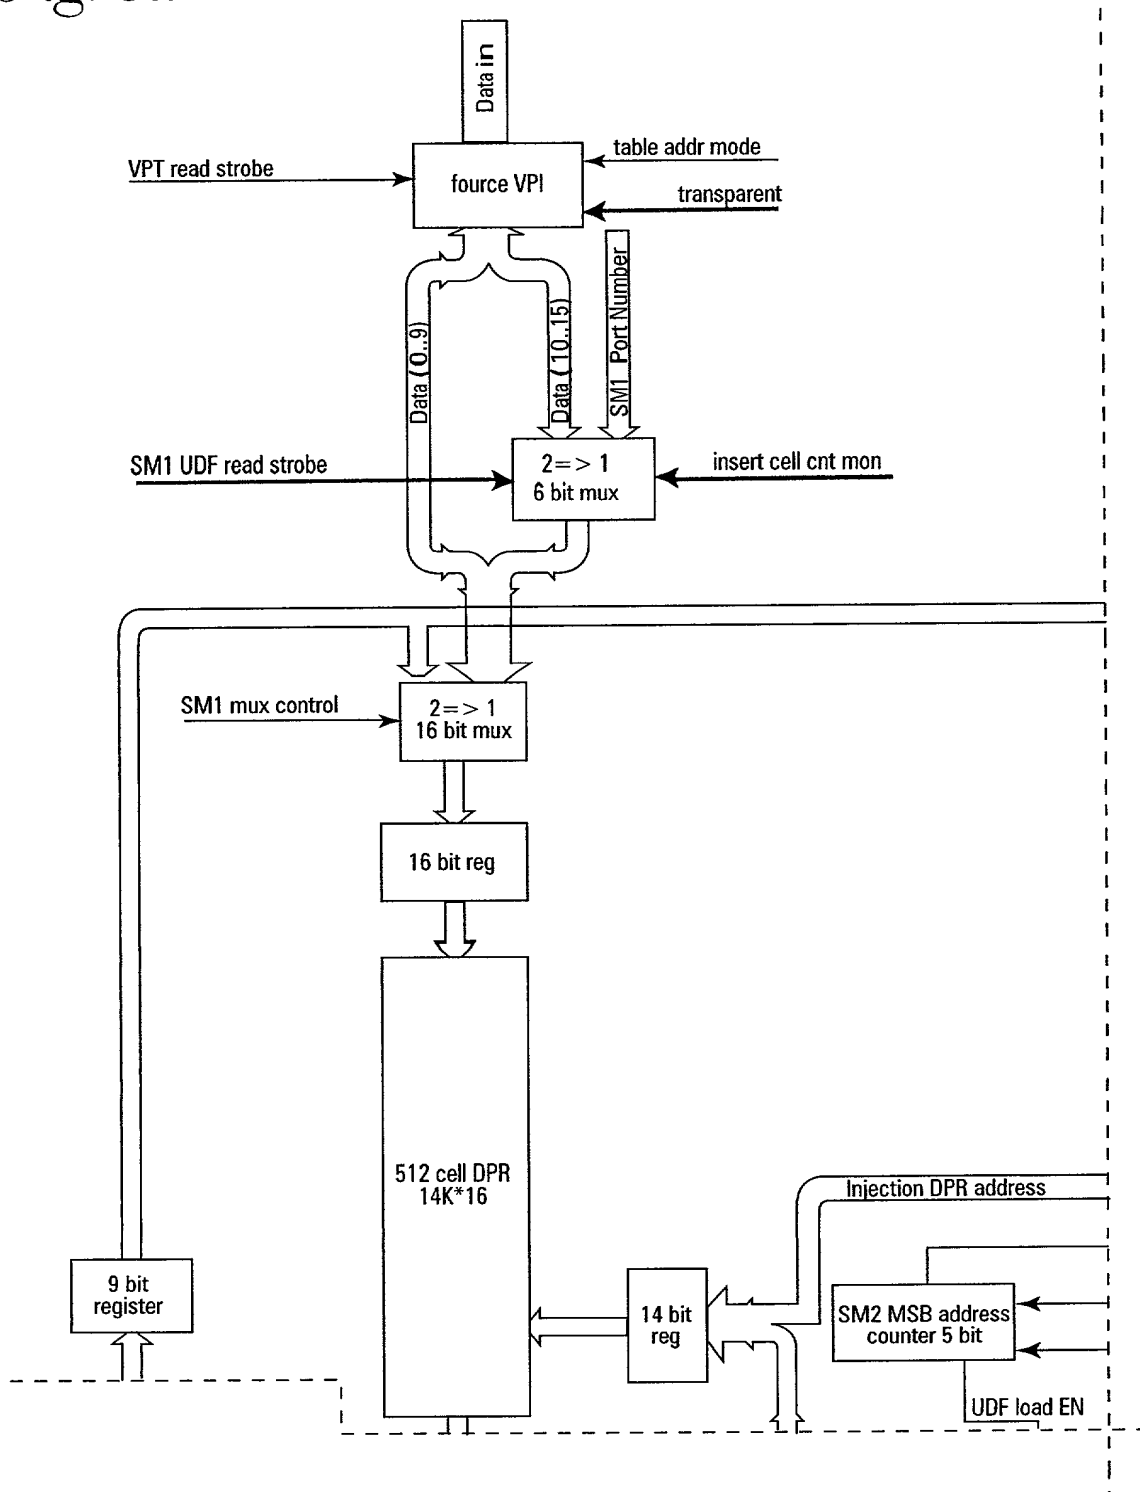

Figure 8 consists of four panels, labeled Fig. 8a, Fig. 8b, Fig. 8c, and Fig. 8d, arranged in a 2x2 grid. Each panel shows a cross-section of a magnetic field configuration. The panels are separated by dashed lines. Fig. 8a (top-left) shows a simple cross-section with a central vertical axis and a horizontal axis. Fig. 8b (bottom-left) shows a more complex configuration with a central vertical axis and a horizontal axis. Fig. 8c (top-right) shows a configuration with a central vertical axis and a horizontal axis. Fig. 8d (bottom-right) shows a configuration with a central vertical axis and a horizontal axis.

Figure 8 consists of four panels, labeled Fig. 8a, Fig. 8b, Fig. 8c, and Fig. 8d, arranged in a 2x2 grid. Each panel shows a cross-section of a magnetic field configuration. The panels are separated by dashed lines. Fig. 8a (top-left) shows a simple cross-section with a central vertical axis and a horizontal axis. Fig. 8b (bottom-left) shows a more complex configuration with a central vertical axis and a horizontal axis. Fig. 8c (top-right) shows a configuration with a central vertical axis and a horizontal axis. Fig. 8d (bottom-right) shows a configuration with a central vertical axis and a horizontal axis.
